Battery powered plastic strapping tools for heavy duty strapping applications

The P331 plastic strapping tool is completing our range of battery powered strapping tools for strapping widths up to 32 mm. This size of PET strapping can replace heavy duty steel strapping applications and generates major cost savings. The huge tension force up to 7000 N pulls the strongest PET strapping sizes into the ideal working range to benefit from a great shock absorption capacity.

Advantages:

- Battery powered combination tool for strap sizes up to 32 mm / 1 1/4"
- Exceptional tension force up to 7000 N
- Brushless motor for less maintenance
- Tool in two versions available (manual/semi-automatic and automatic model)
- Well balanced tool for all strapping positions
- Up to 370 strap cycles per battery charge
- Tool welds without tension (strap repair)
- Quick battery exchange

Characteristics

Strapping qualities:		PET plain and embossed
Strapping dimensions:	widths	19.0 - 32.0 mm / 3/4 - 1 1/4"
	thicknesses	0.60 - 1.53 mm / .024 - .060"
Weight:		6.5 kg / 14.5 lbs (including 4.0 Ah battery)
Dimension:		L396 x W166 x H175 mm / 15.6" x 6.5" x 6.9"
Average seal strength:		approx. 75 % (dependent on strap quality)
Tension force:		1200 - 7000 N / 270 - 1575 lbs (adjustable)
Tensioning speed:		39 - 63 mm/s / 1.5 - 2.5 inch/s
Power supply:		Battery 36VDC / 2.5 or 4.0Ah Li-Ion
Suspension bracket:		optional
